## INTRODUCTION

**Ministry of Colleges and Universities  
1974-75 Statistical Summary**

The data in this Statistical Summary, compiled by the Ministry of Colleges and Universities, relate to the students, staff, and the finances of provincially assisted post-secondary educational institutions in Ontario.

The 1974-75 edition of this book indicates a stabilization in the growth patterns of full-time enrolment at both universities and colleges. The data show an enrolment increase over the previous year of 6.50 per cent at universities and 6.09 per cent at colleges of applied arts and technology.

Because of a change in the reporting system, there is no information in this Statistical Summary relating to degrees awarded by universities or to staff salaries in the colleges. Inclusion of this information would have caused unreasonable delays in printing this edition.

The institutions mentioned here operate on a system of "slip-year" financing. This means that formula operating grants are based on enrolment of the previous year. Tables of full-time equivalents, basic income units, and the corresponding grants, therefore show 1973-74 enrolment.

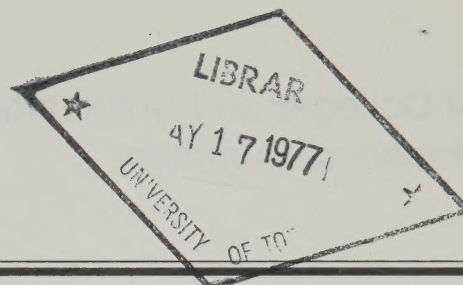

Included in this edition of the Statistical Summary is an Addendum of Errata that corrects inaccuracies that appeared in the previous edition.

*Please complete and return the questionnaire at the back of the Summary so that the authors may better gauge your requirements for future editions.*

## FOOTNOTES:

1. Includes students eligible to generate assistance under the formula financing schemes only. Factors used in the conversion of part-time students to full-time equivalents (FTEs) Universities and Ryerson:

Undergraduates – number of study units ÷ 5; Graduates – number of students × .33. CAATs: Post secondary, career-oriented and general interest courses – 300 contact hours; adult training – 852 contact hours.

2. University enrolment includes undergraduate and graduate regular session part-time FTEs only.

3. Includes part-time post secondary, career-oriented, general interest and adult training part-time FTEs.

## NOTE:

Funding provided during 1974-75 is based on 1973-74 enrolment.

## FOOTNOTES:

1. Includes Scarborough and Erindale.

2. The BIU and grant totals shown here for provincially assisted institutions do not include BIUs and grants generated by their church related affiliates, except in the case of Wilfrid Laurier where, for administrative reasons, the grants relating to Waterloo Lutheran Seminary are included. All other church related grants are shown in the line following the sub-total of provincially assisted figures.

3. Excludes 43.4 summer nursing students as they are no longer formula financed.

4. Includes 1,398,000 costs towards Ontario Veterinary College extension.

## NOTES:

1. Excludes church related colleges.
2. Guelph and Waterloo on a three term basis.
3. Staff and enrolment for McMaster, Ottawa, Queen's, Toronto and Western include medicine.
4. Subsequent to 1972-73 the conversion factor for part-time undergraduates was altered. If the new factor had been applied in 1972-73 the total FTE student/FTE staff ratio would have been .17 higher. The largest institutional change would have been .30 higher at Carleton and Windsor.
5. Academic staff include those on sabbatical; exclude leave without pay.
6. Full-time and FTE enrolment include students ineligible for formula support. BIUs are generated by eligible enrolment only.
